Q17. Do higher-priced products get larger discounts? Analysis by price bucket.

Price Bucket	Product Count	Avg Discount %	Max Discount %
Premium (₹150–500)	1,321	9.62%	50%

WATCH: Counter-intuitively, Budget SKUs carry the highest max discount (51%) despite lowest avg (4.59%). Premium products (₹150–500) lead on avg discount (9.62%), suggesting Zepto uses discounting strategically to stimulate demand in aspirational tiers — not to clear cheap stock.
